E²M: REVOLUTIONIZING WORKSPACES

Step into the future of efficiency with E²M, the Colad range designed to transform your workspace through smart, modular solutions. With E²M, you can customize your setup to perfectly fit your workflow, ensuring maximum productivity and comfort. Looking for durability and quality that stands the test of time? Need smart storage solutions to keep your tools organized and within reach? Or perhaps you want ergonomic features that support your performance and well-being every day? Whatever your needs, E²M delivers.

Upgrade your workspace, boost efficiency, and experience the next level of organization with E²M because a well-structured workspace means a more productive you!

Modular, ergonomic, efficient!

In today's fast-paced world, your workspace should adapt to your needs. E²M is the ultimate modular system designed to optimize efficiency, organization, and comfort. Whether in a workshop, office, or production environment, E²M empowers you with productivity, flexibility, and ergonomic support, helping you work smarter every day.

Built to endure, Designed to impress

Crafted from premium materials, E²M is built to withstand the toughest work environments while maintaining peak performance. Its sleek, contemporary design seamlessly integrates into any workspace, offering both durability and functionality. Elevate your work-space with a system that works as hard as you do.

Ergonomics that work for you

Work smarter, not harder with E²M. Designed to reduce physical strain and eliminate unnecessary movements, this system ensures that every tool, material, and document is always within reach. With adjustable heights and modular configurations, E²M promotes a healthier, more efficient workflow, keeping you comfortable and productive all day long.

E²M: REVOLUTIONIZING WORKSPACES

A tailored workspace in seconds

Transform your workspace effortlessly with E²M's innovative hook system. Whether in a workshop, bodyshop or mixing room, E²M allows you to customize and reconfigure your setup in seconds. Simply click your accessories into the grid system, organize efficiently, and keep everything exactly where you need it.

DETERMINE

Quickly assess your workspace needs and identify the areas that require organization and optimization. With E²M, designing your ideal setup starts with understanding how you work best.

ATTACH

Easily secure your tools and accessories using E²M's innovative modular grid system. Attach hooks, shelves, and holders in seconds no tools or hassle required.

USE INSTANTLY

Start working efficiently right away! With your tools and equipment perfectly organized, E²M ensures a smooth, seamless workflow from day one.

Your Workspace, Redefined!

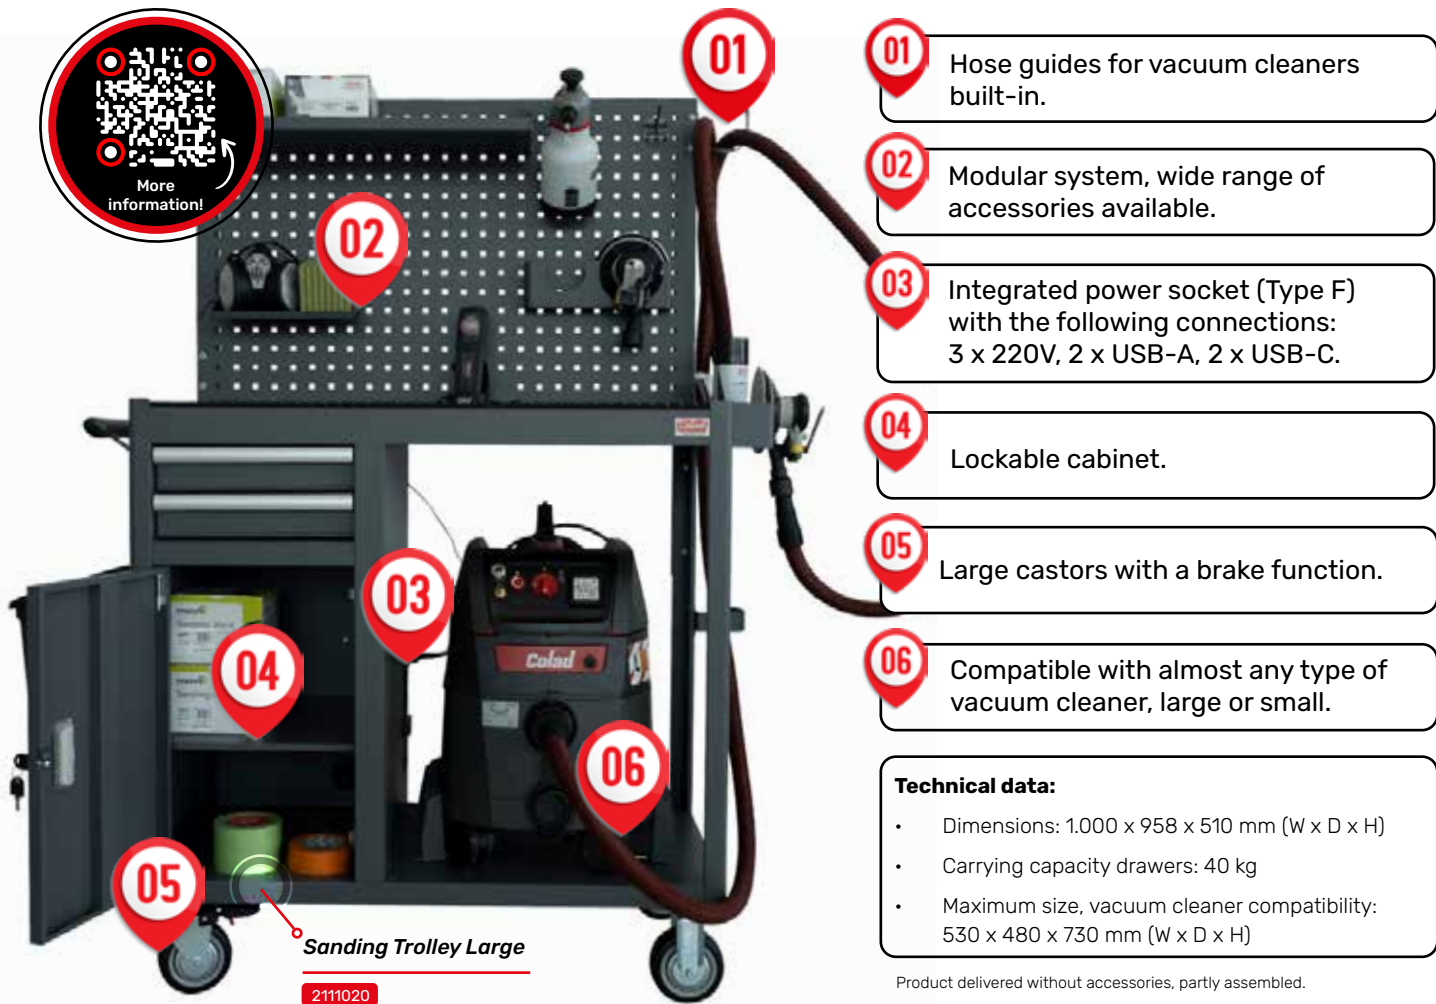

Whether you're streamlining office related tasks, enhancing workshop productivity, or optimizing a mixing room, E²M brings order and simplicity to any environment. Experience how modularity, ergonomics, and efficiency can revolutionize the way you work!

SANDING TROLLEY LARGE

Your fully customizable and spacious working companion!

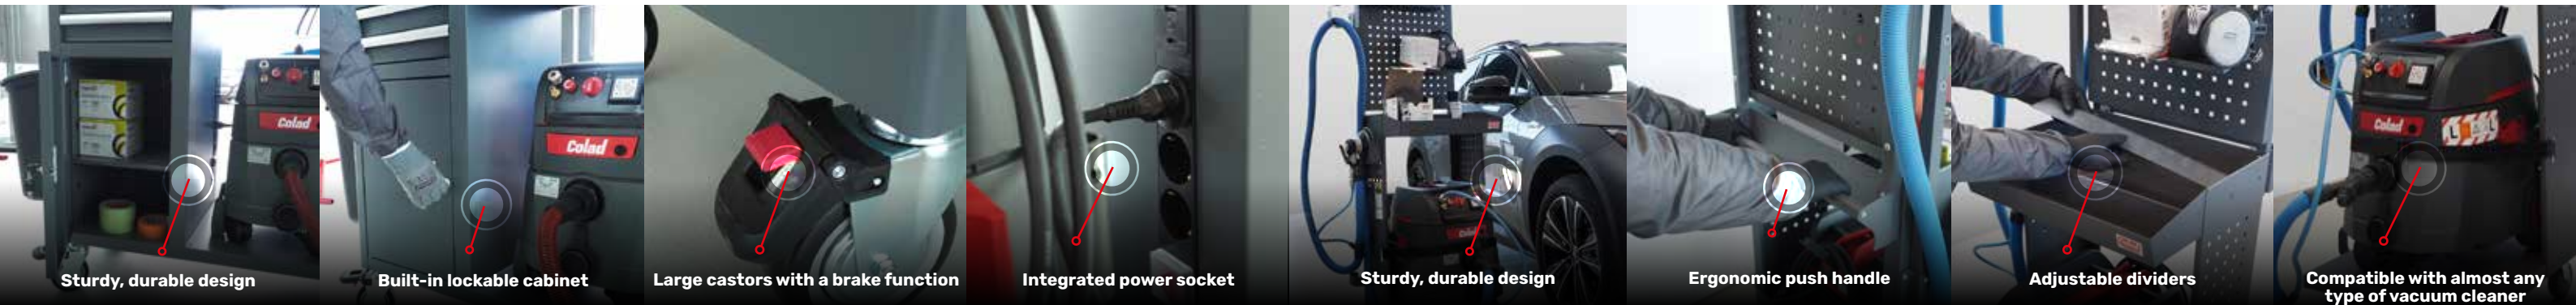

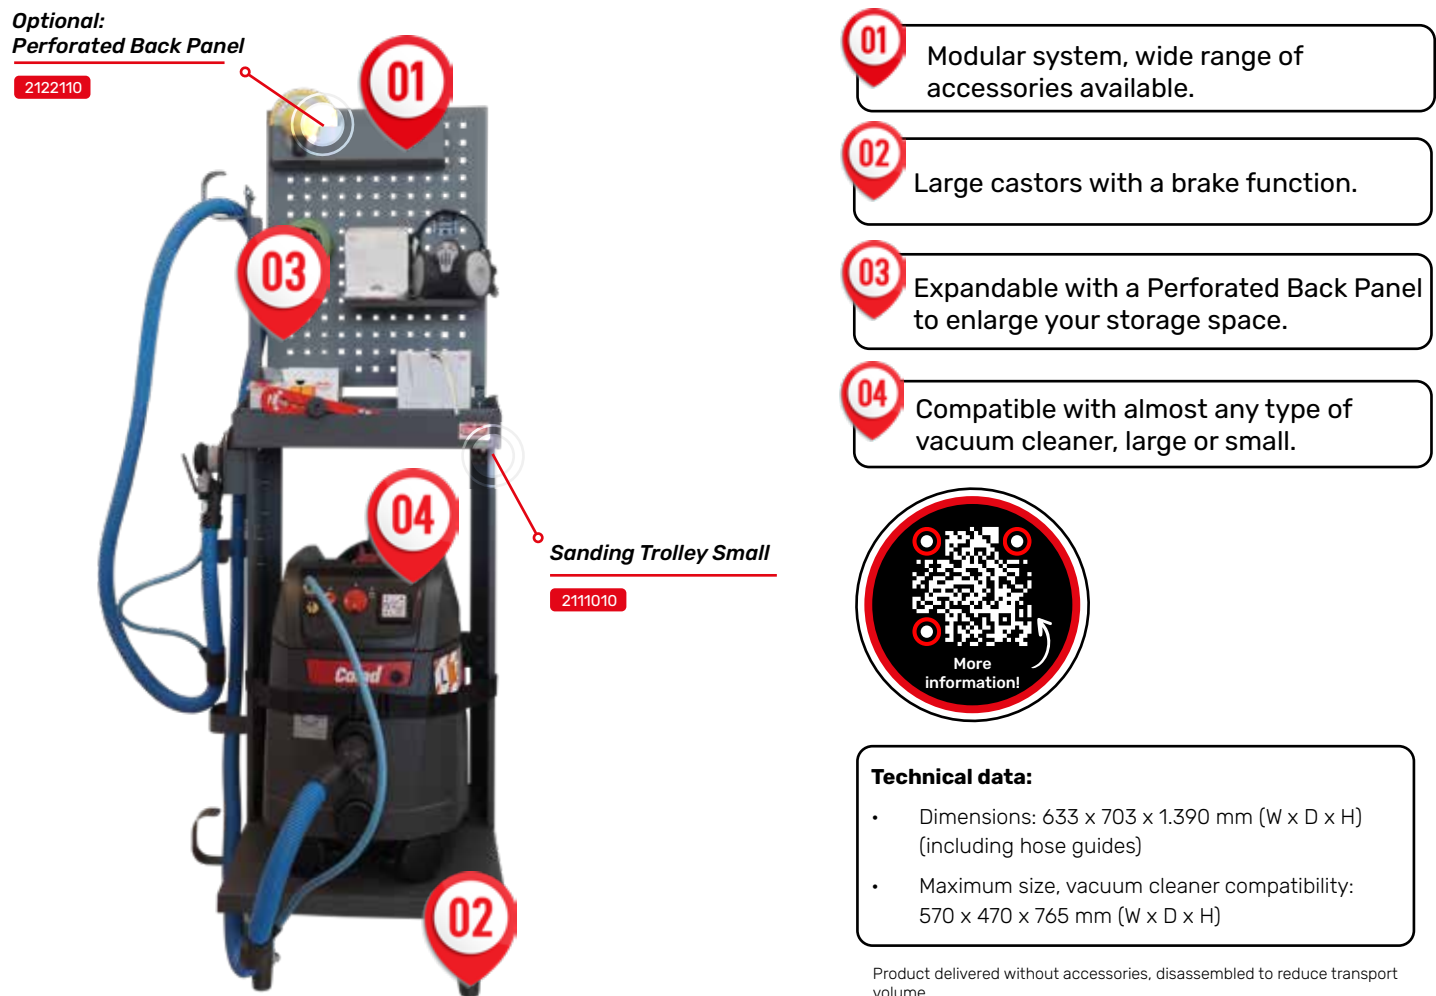

This modular Sanding Trolley is fully customisable to fit your needs, enabling highly efficient work. Save time and restore order by creating permanent places for your tools so that you have everything you need at hand. It comes with a lockable cabinet with an height adjustable shelf to store valuable items safely. A combined power supply with various outlets ensures that all of your devices remain powered. The trolley provides room for almost any type of vacuum cleaner. With the built-in hose guides for vacuum cleaners, maintaining a tidy workspace is effortless. The trolley can be expanded to effortlessly fit your needs by adding one of the many available accessories.

SANDING TROLLEY SMALL

Your customizable, compact working companion!

This compact and mobile modular Sanding Trolley is fully customisable to fit your needs, enabling highly efficient work. Save time and restore order by creating permanent places for your tools, so that you have everything you need at hand. The top work panel can be organised with the included dividers. The trolley provides room for almost any type of vacuum cleaner. With the built-in hose guides for vacuum cleaners, maintaining a tidy workspace is effortless. The trolley can be effortlessly expanded to suit your needs by adding one of the many available accessories.

TOOL TROLLEY - 5 DRAWERS

Convenient storage for your products and equipment!

The Colad Tool Trolley is your partner on the work floor. This spacious, five-drawer modular trolley provides convenient storage for your products and/or equipment. It is equipped with four sturdy wheels and two casters with brakes, making the cart suitable for use on all kinds of floors. With the integrated locking system, you can easily lock the trolley in one movement. Only one drawer can be opened at a time while in use, preventing the trolley from tipping over. The drawers are also held in place when completely closed. This prevents the drawers from opening when the trolley is being moved – even when the trolley is unlocked.

Customise your Tool Trolley

Both sides of the trolley are equipped with a 9.0 x 9.0 x 38 mm grid panel, making it easy to add various accessories available from the Colad accessories range.

01 Modular system, wide range of accessories available.

02 Integrated locking system (central).

03 Five spacious drawers:
• 1 x 75 mm
• 4 x 154 mm

04 Ball bearing slides.

05 Four sturdy wheels with two castors.

Technical data:

- Dimensions: 722 x 459 x 1.000 mm (W x D x H)
- Carrying capacity drawers: 40 kg
- Maximum capacity: 700 kg

Product delivered without accessories, partly assembled.
