
Date of creation	28-04-2026	Number of pages	1 / 4
Article number:	POL 55		
Description:	POL 55 - Electric polish machine 1200W 1100-3000RPM		
EAN:	5491196902257		

With a 2:1 transmission providing high torque at low RPM, this polisher is designed for efficiency and optimal results. Its improved cooling-ventilation system ensures durability during extended use. The adjustable speed, ranging from 1100 to 3000 RPM, gives you control over various polishing applications. Weighing just 2.6 kg, this lightweight polisher offers easy and comfortable handling. The package includes a backing pad (POL 56), side handle, and spare carbon brushes, making it a comprehensive solution for your polishing needs.

Key features

- 1200W
 - 2:1 transmission - high torque at low RPM
 - Improved cooling-ventilation system
 - Adjustable from 1100 up to 3000 RPM
 - Very lightweight (2,6 kg): easy and comfortable handling
 - 5m cable
 - Including backing pad (POL 56), side handle and spare carbon brushes
-

Product details

- Brand: Finixa
 - Number: POL 55
 - EAN: 5491196902257
 - Colour: green
 - Cable length: 5 m
 - Units for outer box: 4
 - Units for pallet: 120
 - Backing pad diameter: 75, 120
 - Decibel level: 89 db
 - Minimum RPM: 1100
 - Maximum RPM: 3000
 - Motion type: rotating
 - Polishing pad diameter: 80, 145
 - Power source: electric
 - Thread size: M14
 - Voltage: 220 V
 - Wattage: 1200 W

Frequently Asked Questions

- **What type of polishing work is the Finixa POL 55 suitable for?**

The Finixa POL 55 is a rotary electric polishing machine designed for paint correction, polishing, and high-gloss finishing. Thanks to its 2:1 transmission, it delivers high torque at low RPM, making it ideal for intensive correction work as well as controlled finishing applications.

- **How does the adjustable speed benefit professional users?**

The POL 55 features a continuously adjustable speed range from 1100 to 3000 RPM, allowing users to adapt the machine precisely to each polishing step—from heavy defect removal to final finishing. The machine maintains constant torque, even under pressure, ensuring consistent polishing results.

- **What is included with the Finixa POL 55 polish machine?**

The POL 55 is delivered as a complete polishing solution, including a backing pad (POL 56), side handle, spare carbon brushes, and a 5-meter power cable. With a weight of only 2.6 kg and an improved cooling-ventilation system, it offers comfortable handling during extended professional use.
